

## Why HOLA

We have flexible scheduling options, including on-site, virtual, and hybrid classes, making it convenient for you to learn Spanish without disrupting your workday.

HOLA has a proven methodology where students communicate in Spanish with ease and confidence.

### We teach:

- To think and speak in Spanish.
- To experience the Spanish language engaging the five senses.
- To learn through open activities.
- To have fun while learning.

"Our mission is to create a joyful and an open learning environment that shares the Spanish culture through language, play and community."

### We offer:

- Corporate workshops/classes
- After-school programs
- Private/one-on-one lessons
- Family/group classes
- March break/summer camps
- Immersion Spanish tours

Our curriculum is personalized based on industry-specific needs, ensuring that your team acquires not just language proficiency, but also practical and effective communication skills relevant to their field and expertise.

At HOLA Spanish Classes, we provide specialized Spanish language programs designed just for you, professionals eager to enhance your skill set, and excel in both national and international business environments.

By mastering the Spanish language, you will gain the ability to communicate effectively with colleagues, clients, and partners throughout Latin America and Spain; fostering personal development, as well as contributing to the corporation's success.

Our team of certified, native-speaking instructors deliver high-quality, immersive language courses that focuses on real-world applications, cultural awareness and industry-specific vocabulary.

-  Spanish is the 3rd most used
-  language in the business
-  world, with more than 500
-  million speakers.
